EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the SPECIFICATION, page 1, Section titled Cross Reference to Related Applications, the numbers "2446" in line 4, "2008" in line 9, ^{2007 ALG 6/3/08} ~~"2007"~~ in line 12, "2086" in line 15, "2213" in line 18, and number "2229" in line 21, have been deleted.

REASON FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In reference to independent claims 1, 12, 13, and 14, the prior art of record does not disclose, inter alia, an "extraction section of the type having a fluid ejection port where injected primary fluid mixes with ambient fluid and debris creating a wall attached entrained flow". Accordingly, claims 1-17 are considered to be allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
